**Dear Mr. Acting Secretary and Mr. Secretary Designate,**

**Re: The Taylor Force Act – Certification of the Secretary of State  
Failure of the Palestinian Authority to fulfill the requirements of TFA**

1. Section 4 of the Taylor Force Act (TFA), passed on March 23, 2018, requires that the Secretary of State certify that the Palestinian Authority (PA), the Palestine Liberation Organization (PLO) and any successor or affiliated organization “are taking credible steps to end acts of terrorism”; “have terminated payments for acts of terrorism”; “have revoked any law, decree regulation or document authorizing or implementing a system of compensation for imprisoned individuals”; and “are publicly condemning such acts of violence” or face a limitation on the US aid provided to the PA.
2. Palestinian Media Watch (PMW), founded in 1996, is an independent research institute that monitors and analyses the PA, focusing on the ideologies and policies that the Palestinian leadership conveys to its population through their statements and activities.
3. The documentation supplied herein by PMW is based predominantly on publications in the official media of the PA, and upon statement by senior PA officials.
4. In 2011, PMW was the organization to identify and expose the PA practice of paying salaries to terrorists and stipends to the families of dead terrorists. Since then PMW has been the organization updating Congress and parliaments worldwide on the continued PA payments and their attempts to hide these payments.
5. Based on the accumulated expertise PMW has acquired in this field, we respectfully make the following submission.
6. **In the submission we will show that the PA and its leaders entirely rejected, and continue to reject, the actions required by them under section 4 of the TFA.**

**Action requirement I:** Credible steps to end acts of violence

7. Since the passage of the TFA, the PA media has not reported any steps to end acts of violence by Palestinian terrorists against Israeli and American citizens. On the other hand, it has continued to glorify and honor terrorists. (See Action requirement IV, below)

**Action requirements II + III:** Termination of payments for acts of terrorism and revocation of the Prisoners' Law and ordinances

8. Just days following the passage of the TFA, the Palestinian Authority publicized the PA budget for 2018, which had recently been approved by Mahmoud Abbas. PMW's analysis of the budget demonstrated that the PA had not fulfilled the terms of TFA and were continuing to pay salaries to terrorists and allowances to families of "Martyrs". In fiscal year 2018 the PA allocated 550 million shekels (\$158 million) for the payment of salaries to terrorist prisoners and released terrorists and 687 million shekels (\$197 million) were allocated to the payments to families of "Martyrs" and wounded.
9. Most significantly, in an act of complete and open defiance of the TFA, the **PA stopped attempting to hide that it is the PA that pays salaries to all the terrorist prisoners**. In its 2018 budget, for the first time since 2014 when it attempted to deceive the international community, the PA now openly lists the sums allocated for these salaries to the Commission of Prisoners' Affairs as a direct PA budgetary expense. PMW's report regarding the PA's 2018 budget is attached as [annex 1](#).
10. Even before the TFA was signed into law and before the PA demonstrated its rejection through its budget, the PA publicly announced that it rejected the demands of the TFA:

**a) PA Chairman Mahmoud Abbas to the PLO Central Council:**

**"There is something that the Americans are telling us to stop - the salaries of the Martyrs and the Martyrs' families. Of course, we categorically reject this. We will not under any circumstances allow anyone to harm the families of the prisoners, the wounded, and the Martyrs. They are our children and they are our families. They honor us, and we will continue to pay them before the living."**

[Official PA TV, Jan. 14, 2018]

**b) Director of Commission of Prisoners' Affairs Issa Karake:**

**"I'll quote [PA] President Mahmoud Abbas: ... 'Until the last day of my life, we won't stop this support. It's important' ... The family of every Palestinian prisoner receives social aid. We're proud of this, not ashamed of it, and we say this openly, because it's our national, human, and moral obligation, and the obligation of the struggle. It is supported by the Palestinian leadership and by the Palestinian government."**

[Official PA TV, Feb. 26, 2018]

11. Since the passage of the TFA, the PA has not terminated its payments rewarding acts of terror or revoked the laws and ordinances that implement its program.
12. The opposite is true. Statements of senior PA officials, including statements attributed to PA Chairman Mahmoud Abbas himself, clearly show that the PA is defying the United States and will not terminate these payments:

a) **Official Spokesman of the PA National Unity Government Yusuf Al-Mahmoud:**  
“The [PA] government's rejection and condemnations of Congress' conditioning the continuation of the American aid to the Palestinian state's institutions on the Martyrs' (*Shahids*) and prisoners' allowances (*mukhassasat*) being stopped....” The spokesman continued “In the eyes of our people, our nation, and our cause, **the Martyrs and prisoners are sacred symbols of freedom**, struggle, protecting human dignity, and resistance to submission and humiliation. All of these titles are noble titles, and an anchored right of all humans, **which cannot be bought or sold for any fortune in the world.**”

[Official PA news agency *Wafa*, March 23, 2018]

b) **Secretary-General of the Palestinian Popular Struggle Front (PPSF) and PLO Executive Committee member Ahmed Majdalani:**  
“**The salaries of the Martyrs' families and the prisoners cannot be subjected to American political extortion.** He added that the leadership attaches great importance to this matter, as these are freedom prisoners who fought for statehood and independence.”

[Official PA daily *Al-Hayat Al-Jadida*, March 24, 2018  
Paraphrased by the PA daily]

c) **The PA Ministry of Information:**  
“The American Congress' demand to stop paying the Martyrs' (*Shahids*) and prisoners' allowances (*mukhassasat*) in return for the continuation of the aid to the institutions of the Palestinian state **is a continuation of the political extortion, extremism....** The ministry emphasized that the freedom Martyrs and our brave prisoners are not highway robbers or gang members, but rather one of the elements of the legitimate resistance to the occupation.”

[Official PA daily *Al-Hayat Al-Jadida*, March 24, 2018  
Paraphrased by the PA daily]

d) **Head of the PLO General Commission in the US Husam Zomlot:**  
“**The Palestinian leadership is committed to the rights of the families of the Martyrs and the prisoners**, is committed to letting them live in dignity, **and will not submit to financial extortion.** He emphasized that the Palestinian people's legitimate rights are not for sale.” The PA daily further quoted a statement from PA Chairman

Mahmoud Abbas' Fatah party which said that it 'is not at all surprised by the American Congress' latest decision, which connects the American aid with stopping the financial aid to the families of the prisoners and Martyrs (*Shahids*).' **The movement emphasized that our brave prisoners and heroic Martyrs fought for freedom and independence, and that the rights of their families are not up for bargaining or negotiation...**"

[Official PA daily *Al-Hayat Al-Jadida*, March 25, 2018  
In response to the Passage of the TFA]

e) **PA Ministry of Information:**

**"US President Donald Trump's signing of that which is called the '[Taylor] Force' Act... constitutes** a strengthening of the political blackmail, and a continuation of the hostility towards our people from Washington, **its denial of our legitimate rights,** and its rebellion against international law."

[Official PA daily *Al-Hayat Al-Jadida*, March 26, 2018]

f) **PA Presidential Spokesman, Nabil Abu Rudeina:**

"The fact that the US has stopped the aid to UNRWA (UN Relief and Works Agency for Palestine Refugees in the Near East), threatened to stop the aid given to the PA, and **conditioned it on stopping payment of the salaries to the Martyrs' (*Shahids*) families and to the prisoners will only increase the determination of the Palestinian people and its adherence to the national rights.**"

[Official PA daily *Al-Hayat Al-Jadida*, March 28, 2018]

g) **PA Minister of Justice Ali Abu Diyak (representative of PA Prime Minister Rami Hamdallah at the opening of the National Association of the Families of the Martyrs of Palestine's fifth general conference):**

**"We will not bargain over our Martyrs' (*Shahids*) blood and will not exchange the promise and loyalty to the Martyrs for all the money in the world... We will not abandon the families of the Martyrs and the prisoners of freedom. The government, led by [PA] Chairman Mahmoud Abbas, will continue to fulfill its national, moral, and human obligation towards the Martyrs' families.** This is despite all of the pressures exerted by the government of Israel, and despite its threats to rob and deduct the allowances of the Martyrs' families and the prisoners from our money, with the support of the American Congress that demanded to stop the allowances to the Martyrs' families and prisoners in exchange for the continued transfer of the American aid to institutions of the Palestinian state."

[Official PA daily *Al-Hayat Al-Jadida*, April 10, 2018]

**h) Fatah Movement Deputy General Leader and Fatah Central Committee member Mahmoud Al-Aloul:**

**“The leadership opposes all of the external pressures concerning the prisoners, which Chairman Mahmoud Abbas emphasized: ‘If we will only be left with a few Dirhams [a currency in some Arab states], we will allocate them to the families of the prisoners as a sign of appreciation for their sacrifice.”**

[Official PA daily *Al-Hayat Al-Jadida*, April 16, 2018

It should be noted that the PA Chairman Abbas intends to appoint Al-Aloul as deputy Chairman and his replacement in the event that Abbas is incapable of performing his Presidential duties]

**Action requirement IV: Publicly condemning acts of violence**

13. Since the passage of the TFA, no PA condemnations of Palestinian violence have been publicized in the official PA media.
14. The opposite is true, the PA and Mahmoud Abbas’ Fatah party have continued to honor and glorify terrorists and their actions. April 16 was the 30<sup>th</sup> anniversary of Israel’s killing arch-terrorist Khalil Al-Wazir “Abu Jihad,” who the PA and Fatah have repeatedly “credited” with planning the murder of 125 Israelis.
15. The PA Ministry of Information, the PA in its official daily, and the official Fatah Facebook page all honored the terrorist murderer Abu Jihad this year.

a) “The [PA] Ministry of Information marked the 30th anniversary of the assassination of the general commander of the Palestinian revolution forces and architect of the Stone Intifada (i.e., Palestinian wave of violence and terror against Israel, 1987-1993), leader Martyr (*Shahid*) Khalil Al-Wazir ‘Abu Jihad’ ... It said that the death of Abu Jihad, the one of a kind military mind, is a difficult loss for Palestine, but his heritage will remain present in the pages of our history, and will remain a source of inspiration for our resistance.”

[Official PA daily *Al-Hayat Al-Jadida*, April 16, 2018]

b) Official PA daily: "Today, Monday, April 16 [2018], is the 30th anniversary of the assassination of Prince of Martyrs (*Shahids*) Khalil Al-Wazir 'Abu Jihad'. Abu Jihad was the architect of the first Intifada of 1987 (i.e., Palestinian wave of violence and terror, 1987-1993), and he outlined its plan in his famous letter from March 27, 1988, whose title is: 'Let us continue the attack; there is no voice that overpowers the voice of the Intifada, there is no voice that overpowers the voice of the PLO.'

Israel assassinated Abu Jihad in Tunisia on April 16, 1988...

Among the military operations that Abu Jihad planned:

The Savoy Hotel operation in Tel Aviv and the killing of 10 Israelis in 1975 (sic., 11 murdered); the truck bombing operation in Jerusalem in 1975 (15 murdered –Ed.); the killing of senior sapper Albert Levy and his assistant in Nablus (sic., Jerusalem) in 1976; the Dalal Mughrabi operation in 1978 in which more than 37 Israelis were killed; the bombing of the Eilat port in 1979 (sic., 1978); and the bombarding of the northern settlements (i.e., towns in northern Israel) with Katyusha rockets in 1981.”

[Official PA daily *Al-Hayat Al-Jadida*, April 16, 2018]

16. On April 15 and 16, the official Fatah Facebook page published 21 different posts honoring terrorist Abu Jihad. The following are two examples.

- a) The first post shows two pictures of Abu Jihad above a picture of armed men shooting rifles and a young Palestinian throwing a rock.

**Text on image:**

[Official Fatah Facebook page, April 15, 2018]

- b) The second post shows a drawing of Abu Jihad.

**Text on image:**

“A message from brother Abu Jihad:  
‘Let us continue attacking’”

**Posted text:** “Let us continue attacking”

[Official Fatah Facebook page, April 16, 2018]

17. Needless to say, the honoring and glorification of terrorists and acts of violence is not only deplorable, but is precisely the opposite of the TFA's requirement that the PA, the PLO and their affiliated organizations condemn terror.

**Conclusion**

18. The PA has not taken any actions to end its program of rewarding terrorists, has not changed the PA law mandating salaries be paid to terrorist prisoners, and does not intend to take such actions. Rather, in acts of open defiance, the PA has included salaries to Palestinian terrorist prisoners and payments to the families of so-called "Martyrs" in the 2018 budget. In addition, it has publicly stated at the highest political level that it will continue making these payments even if they have no money left for anything else.

The PA has not condemned terror but continues to glorify terror.

The evidence demonstrates that the PA has not fulfilled the demands of the TFA.
