

## ***PMW Incitement Watch*** ***The PA during the peace talks, July – August 2010***

By Itamar Marcus, Nan Jacques Zilberdik and Barbara Crook

### **US State Department on Israeli-Palestinian peace talks:**

"After completing the first round of proximity talks with Israeli and Palestinian leaders both parties are taking some steps to help create an atmosphere that is conducive to successful talks, including **President Abbas's statement that he will work against incitement of any sort...**"

[Washington D.C. May 9, 2010]

### ***Introduction***

The start of the proximity talks in May 2010 created hope for the renewal of the Israeli-Palestinian peace process. Palestinian Authority (PA) Chairman and Fatah leader Mahmoud Abbas declared that the PA would fulfill its commitments, with special focus on stopping incitement.

### ***Findings***

However, the first four months, May-August, brought no changes in the quality of the messages being transmitted from the Palestinian Authority and Fatah to Palestinians. An examination of the Palestinian leaders' statements, official media, children's programs and PA and Fatah- controlled events reveals the following: The conditions, principles and expectations set by the US and the Quartet for accepting the Palestinian Authority as a partner in the peace process continue to be violated by the Palestinian Authority.

Contrary to the PA's moderate statements to the West, its statements to its people in Arabic continue to delegitimize Israel's existence, deny Israel's right to exist, define the conflict with Israel in religious terms, promote hatred through demonization and libels, and glorify terror and violence:

- The PA continues to teach on PA educational TV that Israeli cities across the entire country, including Jaffa and Haifa, are Palestinian cities.
- The official PA media deny Israel's right to exist by using terminology that refers to Israel as "Palestinian Interior" and "the homeland occupied in '48."
- Maps used by the PA still erase and replace Israel with "Palestine."
- The conflict with Israel is defined by PA-appointed political and religious leaders not as territorial but as a religious conflict, sometimes even as *Ribat* – religious war.
- The PA continues to demonize Israelis and Jews:  
PA daily: Israel spreads drugs among Palestinian youth. PA TV and daily: Israel killed Arafat
- The PA continues to honor terrorists and glorify violence:  
PA TV: "The Martyr who bears arms threatens the enemy."  
PA summer camps teach kids "the culture of resistance [violence], the culture of stones and guns"

***Map of "Palestine" erases all of Israel, displayed at Fatah event.***

## **The Report**

### **1 - PA Non-recognition and de-legitimization of Israel's existence**

#### **a. Terminology presents Israel as occupied "Palestine"**

Terminology chosen by the official PA media is intended to reinforce the denial of Israel's existence and of its right to exist. Israel is referred to by euphemisms that deny Israel's legitimacy or existence, including: "occupied Palestine," "the 1948 occupied Palestinian Interior," "Interior Palestine," "occupied in 1948," "48 territories," "the occupied homeland," and others. At other times Israeli cities are referred to as "Palestinian cities," as if no State of Israel existed. This language appears throughout official PA media, including news reporting, stories on culture, sports, politics, etc.

#### **1- PA TV host describes Israeli city Jaffa as an "occupied area in the occupied territories."**

Host: "Of course, you're all longing to know lots of things about Ramadan in those days, in parts of the **occupied areas in the occupied territories**. Today we'll learn about **Jaffa** in those days during Ramadan."

[PA TV (Fatah), Aug. 22, 2010]

**2- During the month of Ramadan, PA TV broadcast a special daily quiz program from refugee camps in Lebanon and in Syria, in which residents were asked to name five cities "in Palestine" or "the countries sharing borders with Palestine" in order to win \$100 cash prizes. The PA TV host gave cash prizes to those who defined Israeli cities such as Jaffa, Haifa, Acre, Ramle, and others as Palestinian cities and to those who disregarded the existence of Israel as a neighboring country. Referring to Israel, the host said, "All of Palestine is occupied." The cash prizes were offered by Palestine Investment Fund which partners on some projects with USAID and the US-government agency Overseas Private Investment Corporation.**

**The following are transcripts from this PA TV program, The Cedar and the Olive Tree, whose purpose was to reinforce the message that the Palestinian Authority does not recognize the legitimacy and jurisdiction of Israel anywhere.**

**PMW is citing a number of examples, including messages that recur, to demonstrate the use of repetition as one method of political indoctrination used by the Palestinian Authority and PA TV.**

**The following are transcripts from different days:**

Host: "Name five cities in Palestine and we'll give you a prize."

Teenage Girl: "**Haifa, Acre, Ramallah, Jaffa, and Jerusalem.**"

**TV Host:** "Fadwa Touqan wrote a poem and dedicated it to Dalal Mughrabi [terrorist who led the bus hijacking] and her colleagues, who died as *Shahids* (Martyrs) on the **Palestinian coast** [i.e. Israel]."

The program discusses the genre of posters, especially those of the PLO.

[Year of Israel's creation] They took everything..." The music video of the song is the longest running video for children broadcast on PA TV. It ran repeatedly for more than 10 years during 1998 to 2009. During 2010 the song has been used in a children's program.*

"My homeland, my land is very pretty. It has forests, stone houses and a sea My homeland, my land is very pretty. It has hills, lemon and olive trees I live in my village. My village in my homeland. My homeland is so pretty... The smell of a fig tree. The aroma of jasmine..."

**Do you know what happened in '48? [Year of Israel's creation]**

**They took everything. They burned the room. The houses they broke.**

*Article by columnist, Fayyad Abd Al-Karim Fayyad:*

“[At the end of the 19th century] the Committee of Union and Progress, which was a perfect tool of the Zionist movement and of the Freemasons, executed directly by the Dönme Jews, carried out perfectly the role given it immediately after the First Zionist Congress [1897] and the publication of the Campbell Conference recommendations: to act to permanently end the Islamic Caliphate, to crush the Ottoman state (the ‘sick man’), and **to create a foreign body in the Arab region, which is Israel...** At this conference, the nations of the world were divided into three categories: the First World, which is Europe, North America, and Australia, and they are the lords of the world; the second category, which is the neutral and friendly

states and nations - Russia (prior to the Bolshevik Revolution), China, Japan and the peoples of eastern Asia; and the third group were categorized as enemies who would not be permitted progress in science, growth, development, unity, and decadence. These are the Arabs and the Muslims, into whose region **a foreign body had to be implanted** in order to prevent them from unifying and in order not to allow them to develop. **The specifications for the required [foreign] body sat well with the Zionist proposal to establish Israel** upon the land of Palestine, close to the Suez Canal.”

[*Al-Hayat Al-Jadida*, July 22, 2010]

**17- PA daily refers to Israel as “48 occupied land”:**

Member of Knesset A-Sanaa and [ Hamas] Member of [Palestinian] Parliament Abu Tir discussed the deportation [order against Abu Tir] and Israel’s attempt to empty Jerusalem of its original inhabitants, to Judaize it and to seize control of the Al-Aqsa Mosque.”

[*Al-Hayat Al-Jadida*, Aug. 31, 2010]

**b. PA maps deny Israel’s existence**

*US President Obama has called the use of maps that present a world without Israel a security threat to Israel:*

“I will never compromise when it comes to Israel's security... Not when there are maps across the Middle East that don't even acknowledge Israel's existence.”

[June 4, 2008, AIPAC Conference]

*Yet all the official PA maps in offices, websites, schoolbooks, and those appearing on official PA TV since the start of the proximity talks continue the PA policy of defining all of Israel as “Palestine”:*

During the third month of the Israeli-Palestinian Proximity Talks, Palestinian Authority TV chose to rebroadcast a children's educational program showing a giant map that teaches children that Israel does not exist.

Every episode of the PA TV children's program *Chicks* includes a few moments devoted to teaching children about places in "Palestine." The map used by PA TV for this purpose is named "Palestine," and includes Israel as well as the Palestinian areas. Additional text on the map in English reads: "Explore your country;" and in Arabic: "My country is beautiful." The program was broadcast earlier this year and the old episodes were broadcast twice daily in July.

**c. As part of its denial of Jewish history, Fatah refuses to accept Israel as a Jewish state**

1- “Advisor to the Prime Minister [Fayyad] on national affairs, Omar Al-Ghoul: ‘Netanyahu’s impossible conditions... come back to the policy of oppressive occupationist dictates. He still insists **that the Palestinian authority recognize the Jewishness of the State of Israel** – which would mean withholding civic rights from the Palestinians inside the Green Line [i.e., Arab Israeli citizens] and nullification of the right of return of the Palestinian refugees. **This is something which the Palestinian leadership, and any Palestinian resident who believes in the peace option, does not accept.**”

[*Al-Hayat Al-Jadida*, Aug. 24, 2010]

2- “The Palestinian National Liberation Movement, **Fatah, emphasized that it will not recognize a ‘Jewish State’** and that the Palestinian people continues with the negotiations battle, maintaining its principles, and will not submit to Netanyahu’s conditions.... Movement spokesman, Ahmad Asaf added: ‘Recognition of the Jewishness of Israel not only contradicts international law, but also constitutes an approval for the expulsion of millions of Palestinians from their land and their homes in their historical homeland, and this is something which will never happen.’”

[*Al-Hayat Al-Jadida*, Aug. 31, 2010]

**d. PA denies Israel’s history in order to deny Israel’s right to exist**

*Denying Israel’s more than 3,000 years of history and connection to the Land of Israel, especially to Jerusalem, is a backbone of PA ideology, and cited regularly as a basis for the denial of Israel’s right to exist. The denial of Israel’s history continues to be expressed by religious, political and academic leaders:*

**1. The PA routinely denies Jewish history in Jerusalem referring to the Jewish Temple as “the alleged Temple”:**

a. *Former PA Prime Minister, Ahmad Qurei (Abu Alaa) denies existence of Jewish Temple:*

“Qurei added that the greatest catastrophe threatening the peace endeavor, and the region as a whole, is the excavations that Israel has carried out, and continues to carry out, under the Al-Aqsa Mosque and the Dome of the Rock, and the fact that [Israel] continues in its illegal activity in attempting to build **the alleged Temple** in the place of one of the most important holy places in Muslim history and in Muslim life as a whole.”

[*Al-Hayat Al-Jadida*, July 1, 2010]

b. “Archaeologists in Jerusalem announced yesterday that they had discovered in the holy city a fragment of a 3,400-year old clay tablet, with an Accadean inscription on it ... It was discovered in an area south of the Sanctified Jerusalem Square [The Temple Mount Square] which the Jews claim was built over **the alleged Temple.**”

[*Al-Ayyam*, July 13, 2010]

c. *Secretary of the Fatah Jerusalem office, Omar Shadi:*

“They [Israel/the Jews] are trying to seize control first of the Al-Aqsa Mosque, and also to establish their **false Temple**, claiming that Al-Aqsa was built upon its ruins, and this throughout history has been a false matter and a fictitious matter.”

[PA TV (Fatah), July 20, 2010]

d. *PA TV News:*

"Extremist Jews persist in their efforts to invade the courtyard of the Al-Aqsa Mosque under the pretext of the so-called anniversary of the destruction of **the alleged Temple.**"

[PA TV (Fatah), July 20, 2010]

**2. PA religious, political and academic leaders deny Jewish connection to Jerusalem and other holy sites.**

*As part of the PA's demonization of Israel, Israel is said to carry out the "Judaization" of Jerusalem. The PA claims that the purpose of the "Judaization" is to oust Palestinian citizens from the city and to alter what the PA claims is the exclusive Palestinian right to the city.*

- a. *Senior PA religious leader, former Supreme Religious Justice, calls all Muslims to defend the Al-Aqsa Mosque and Jerusalem from "Judaization". Defending Jerusalem from Jews is mandatory, he teaches, "since it is part of the faith of the Muslim nation." He also repeats the ongoing Palestinian Authority denial of the history of the Jewish Temple in Jerusalem:*

"Former Supreme Religious Justice and Chairman of the Islamic-Christian Council for Jerusalem and the Holy Places, Sheikh Tayseer Rajab Al-Tamimi, warned of a plan by the occupation authorities... the so-called Jerusalem Municipality and extremist Jewish groups, to Judaize the Islamic neighborhood adjacent to the Al-Aqsa Mosque... He emphasized that the Al-Aqsa Mosque is a red line, and that Muslims are forbidden to remain silent in the face of steps to destroy it and to **Judaize the city of Jerusalem, since it is part of the faith of the Muslim nation**, according to a Divine command from beyond the seven firmaments... He called upon our Palestinian people wherever they are to come [to the Mosque] in order to pray in it, to halt the plots that are being hatched against it, and not to allow extremist Jewish groups, who seek to establish the alleged Temple in its place, to rule over it."

[*Al-Hayat Al-Jadida*, Aug. 1, 2010]

- b. "Member of the PLO Executive Committee and head of the Department for Jerusalem affairs, Ahmad Qurei, Abu Alaa, called for an Islamic Arab summit conference in order to **defend Jerusalem against Judaization.**"

[*Al-Hayat Al-Jadida*, Aug. 22, 2010]

- c. *PA Minister of Culture, Mufti of Palestine, and President of Al-Quds University: :*

"The Al-Quds Open University in the Ramallah district yesterday celebrated the publication of the encyclopedic volume of the university's journal, which deals with Jerusalem ..." [*Participants at the ceremony included, Dr. Mahmoud Al-Habbash - Minister of Religious Affairs; Siham Barghouti - Minister of Culture; Sheikh Muhammad Hussein - Mufti of Jerusalem and Palestine; Dr. Hana Issa - senior official of the Ministry of Religious Affairs, responsible for Christian affairs; Dr. Younes Amr, President of the university, and lecturers at the university.*]

"[Minister of Culture] Barghouti said: 'We at the Ministry [of Culture] and at the universities are partners in collating, studying and inscribing the true version of the history and culture of Jerusalem.' She drew attention to the fact that the Israeli activities do not end with an attempt to harm the character of the holy city, but attempt to erase and to steal its cultural heritage. [The Mufti] Hussein stated that regardless of the occupation's actions, **Jerusalem will remain Arabic-Islamic...** [President of Al-Quds University] Amr drew attention to the fact that **the Jews' connection to Jerusalem is no more than the connection of a military occupation.**"

[*Al-Ayyam*, July 20, 2010]

d. *PA officials: Jerusalem is only Islamic:*

“Director of the Religious Affairs department in Tubas, Sheikh Muhammad Jihad Al-Kilani ... emphasized that the occupation’s plans are doomed to failure, and that our people, which is standing firm and carrying out *Ribat*, will [continue to] stand firm, putting down roots in its land and clinging to its principles and the capital of its state, Jerusalem. **He added that regardless of how hard the occupation tries, and what tools it uses, Jerusalem will continue to rebel against the erasing [of its identity], the Judaization...** Maisar Al-Nabwani, director of the General Directorate for Women’s Action [in the PA Ministry of Religious Affairs], emphasized in a speech she delivered in the Nablus district... **that Jerusalem is a completely Islamic city.**”

[*Al-Hayat Al-Jadida*, July 14, 2010]

e. *Minister of Religious Affairs denies Jewish rights in Cave of Patriarchs:*

“Dr. Mahmoud Al-Habbash, Minister of Religious Affairs, toured the Sacred Site of Abraham [the Cave of the Patriarchs] in Hebron. He walked through its corridors and learned of the arbitrary steps taken by the occupation authorities, manifesting themselves in [their] creating difficulties in reaching [the Cave] and praying in it ... Habbash demanded that the occupation authorities leave the Cave of the Patriarchs alone, since **it belongs to Muslims alone**, and they [Israel] have no right to continue laying their hands upon it and continuing to control it.”

[*Al-Hayat Al-Jadida*, July 1, 2010]

f. *Al-Aqsa sermon: Palestinians’ roots in the land of Israel since 7,500 B.C.E:*

“Sheikh Ikrima Sabri, Chairman of the Supreme Islamic Council in Jerusalem and preacher at the Al-Aqsa Mosque... emphasized that **the inhabitants of Palestine have roots in this land originating earlier than 7,500 B.C.E...** He said, ‘We have never been foreigners in our city. **The foreigners are those who accuse us of being foreigners.**’”

[*Al-Hayat Al-Jadida*, July 3, 2010]

g. *Former PA Prime Minister, Ahmad Qurei (Abu Alaa), claims Jerusalem in danger:*

Headline: “Qurei: **Jerusalem is endangered by Judaization** and Israel is perpetuating itself as a colonialist enterprise by surrounding the holy city with a settlement belt”

“Yesterday... a meeting was held under the auspices of the UN... Ahmad Qurei, head of the Department of Jerusalem Affairs and a member of the PLO Executive Council, emphasized in his opening speech that the status of Jerusalem and its sanctity, from the perspective of the Palestinians and Muslim and Christian Arabs, is in danger. He claimed that the city is now exposed to dangers that will lead to a catastrophe whose results we cannot imagine... Qurei said that Israel continues to change the city’s religious, cultural and historical landmarks, through its pursuit of confiscating land, building settlements on it, and razing homes, in addition to continued excavations and creating tunnels beneath the holy city, which places the Al-Aqsa Mosque and the Dome of the Rock in danger of collapse... Qurei added that the greatest catastrophe threatening the peace endeavor, and the region as a whole, is the excavation that Israel has carried out, and continues to carry out, under the Al-Aqsa Mosque and the Dome of the Rock, and the fact that [Israel] continues in its illegal activity in attempting to build the alleged Temple in the place of one of the most important holy places in Muslim history and in Muslim life as a whole.”

[*Al-Hayat Al-Jadida*, July 1, 2010]

**e. PA: Conflict with Israel is religious, not territorial**

*The PA continues to define the conflict with Israel as not merely territorial, but as a religious conflict with Israel. The term Ribat – religious war – is used less than in previous months, although the conflict is still defined within a religious context.*

**a. PA official: The Palestinian people are in a religious war – they are “carrying out Ribat”:**

“Director of the Religious Affairs department in Tubas, Sheikh Muhammad Jihad Al-Kilani ... emphasized that the occupation’s plans are doomed to failure, and that **our people, which is standing firm and carrying out Ribat [religious war]**, will [continue to] stand firm, putting down roots in its land and clinging to its principles and the capital of its state, Jerusalem. He added that regardless of how hard the occupation tries, and what tools it uses, Jerusalem will continue to rebel against the erasing [of its identity], the Judaization... Maisar Al-Nabwani, director of the General Directorate for Women’s Action [in the PA Ministry of Religious Affairs], emphasized in a speech she delivered in the Nablus district... that Jerusalem is a completely Islamic city...”

[Al-Hayat Al-Jadida, July 14, 2010]

**b. PA Chairman Mahmoud Abbas says Jerusalem is Allah’s land and “victory will come,” defining conflict over Jerusalem as religious:**

“We welcome today, with great honor, the [Islamic holy] Day of the Journey and the Flight... which established the close connection between the symbols of Islamic faith at the holy mosque in Mecca, and the Al-Aqsa Mosque, which is upon the land of the Journey and the Flight – the blessed land of Palestine... The oppressor will not last in Jerusalem; the oppression will not endure. Victory will come, Allah willing. **This land is Allah’s best land, for which He chooses the finest of His believers**, as it is written in the words of the Prophet [Muhammad].”

[Al-Hayat Al-Jadida, July 11, 2010]

**c. PA Minister of Religious Affairs warns: Without Jerusalem “there will be no peace” PA Minister of Religious Affairs, Dr. Mahmoud Al-Habbash:**

“The anniversary of the Journey and Flight [Muhammad’s journey to Jerusalem and flight to heaven, according to Muslim tradition] and its connection to Palestine, represent proof of the sanctity of our cause. He [PA Minister of Religious Affairs, Dr. Mahmoud Al-Habbash] clarified that Jerusalem is a part of our belief and our religion and taking Jerusalem lightly is taking our religion lightly...: ‘The position of the leadership is a firm position, just as our faith is firm. To make light of Jerusalem is to make light of our faith. Jerusalem is the capital of the Palestinian state. **There will be no peace, nor stability in the region, without Jerusalem.** It is not possible for anyone to sign a document relinquishing it.’”

[Al-Hayat Al-Jadida, July 8, 2010]

**d. PA Minister of Religious Affairs, Dr. Mahmoud Al-Habbash:**

“Jerusalem is faith, religion, history, present and future. The anniversary of the Journey and the Flight strengthens the truth of this land. Jerusalem, for us, is life, it is the homeland, it is the state. **It is not possible for us to relinquish even a single grain of the land of Jerusalem... there is no peace without Jerusalem.**”

[Al-Hayat Al-Jadida, July 11, 2010]

e. **Former PA Chief Religious Justice:**

“Dr. Tayseer Al-Tamimi, former [PA] Chief Justice of the religious court of Palestine and Chairman of the Islamic-Christian Council for Jerusalem and the Holy Places, said that **all land (and structures) in the city of Jerusalem are Islamic trusts**... He demanded of the Arab and Islamic nation, including its leaders and its people, to fulfill their obligation in defending Jerusalem and its holy places, which are subject to extensive Judaizing and Israelizing activities through confiscation of its land and extensive establishment of settlements upon it. He also called upon them to support its [Arab] citizens... in order to oppose the plans of the Israeli occupation authorities, which aim to force [Muslims] to leave and to expel them by carrying out acts of suppression and crimes of ethnic cleansing, with flagrant violation of all the laws of monotheistic religions as well as all international laws and covenants.”

[*Al-Hayat Al-Jadida*, Aug. 9, 2010]

f. **PA Minister of Religious Affairs, Mahmoud Al-Habbash in Friday sermon in a mosque in Sanaa, Yemen, broadcast on PA TV:**

“We come to you from there – from Jerusalem and from the Jerusalem surroundings, **from the land of Ribat [religious war]**, the land which Allah blessed forever... Today the Palestinian people in Jerusalem stand alone. They want to see the Arabs and the Muslims at their side; they want to see all the Arabs and all the Muslims coming to Jerusalem, emphasizing its status and its identity, and telling the usurpers: ‘You have no place here.’ Telling the occupiers, ‘This is not your place, but ours. This is not your city, but ours.’ Our religion demands this. Our faith demands this of us.”

[PA TV (Fatah), Aug. 27, 2010]

g. **PA TV News telephone interview with Minister of Religious Affairs, Mahmoud Habbash.**

**Habbash:** “For our part, **we view the Ibrahimi Mosque [Cave of the Patriarchs], like the Al-Aqsa Mosque, as an absolute Islamic right**; none of the Israelis have any right to it. The problem between us and the Israelis is not a problem over religion or tenets of faith; it is not a religious problem or one concerning the fulfillment of religious ceremonies, but rather a problem with the occupation.”

[PA TV (Fatah), Aug. 1, 2010]

h. **Senior PA religious official: Religious war must continue**

“Preacher in the Al-Aqsa Mosque and First Deputy of the Chairman of the Supreme Islamic Council in Jerusalem, Sheikh Yousuf Jum’a Salameh, participated in the international congress organized by the Muslim World League in Mecca... Sheikh Salameh delivered a speech at the congress in which he explained what is happening in Jerusalem: ... [including] excavations beneath the Al-Aqsa Mosque and an attempt to divide it and to destroy it in order to build the alleged so-called Temple in its place. Sheikh Salameh called upon Muslims to oppose these Israeli steps and to act to stop them. **He said that the residents of Jerusalem must be helped to continue the Ribat [religious war] over their land**, since they contend with these Israeli measures daily, on behalf of the Arabic and Islamic nation.”

[*Al-Hayat Al-Jadida*, Aug. 17, 2010]

## **2 - Demonization, hate promotion, Antisemitism and libels**

### **a. Terminology demonizes Israel as “the Zionist enemy,” “Jewish entity,” “racist” and “terrorist”**

*Terminology and visual pictures chosen by the official PA media demonize Israel, Israelis and Jews. Terms like “Zionist enemy” and “racist” are used as well as accusations of “fraud,” “deception,” “violence,” “killing,” “torture,” and being “terrorist,” “colonialist,” “gangs,” etc. Israel’s history is called: “mythology, nonsense and lies.”*

#### **1- PA TV shows painting of armed religious Jews with Palestinian skulls**

*A painting of Jews wearing prayer shawls and with rifles, sitting around a table filled with skulls, and other images demonizing Jews was shown on PA TV while the following text denying Israel’s right to exist was narrated:*

“At the beginning of the 20<sup>th</sup> century, the European colonialists – especially Britain – found that their interests fit the aspirations of the developing World Zionist Movement, and they began to offer their patronage and support, not only with promises, but with all means that would allow this **racist movement** [Zionism] to realize its primary goal: the establishment of a **Jewish entity** upon the land of Palestine, at the expense of the authentic Palestinian Arab nation... The Palestinian National Authority was established on some of the Palestinian areas, seeking to establish an independent Palestinian state on the West Bank and in the Gaza Strip, on condition that its capital would be Jerusalem. However, the **oppressive Zionist enemy** never missed an opportunity to shatter the Palestinian dream.”

[PA TV (Fatah), July 28, 2010]

#### **2- PA daily honors prisoner who murdered 3 Israelis by publicizing his statements calling Israelis “Nazis” who did things “worse than gas chambers” and his wish for Israel’s destruction.**

“Occupation forces arrested [Prisoner] Basem [Al-Khandaqaji] on Nov. 2nd, 2004, following the Carmel Market operation [terror attack], in which three Israelis were killed and a little less than 50 others were injured. His father told *Al-Hayat al-Jadida*: ‘When Basem was arrested, we thought the detention wouldn’t last long... He was given three life sentences, and he began his new path in prison.’ When the judge asked him to say something after the sentence was passed, Basem gave a moving political and human speech. He said, ‘In the past, you [Israelis] were the number one victim... I wasn’t born then; it was the tragedy of my people that was born. You turned from victim into a monster; **you didn’t use gas chambers, but rather things that were worse than them. You killed and annihilated generations from among my people ...**’ When the judge asked him if he was guilty, Basem answered: ‘Address that question to the Israeli leaders; concerning the massacre that they carried out against a defenseless people. **You are the new Nazis upon the earth**, and hopefully we will enjoy the destruction and ruin that you will bring upon your own people because of your barbarism.’”

[*Al-Hayat Al-Jadida*, Aug. 17, 2010]

**3- PA TV broadcasts reading of poem: “The Martyr who bears arms threatens the enemy”**

*PA TV broadcast a poem read by a daughter of terrorist prisoner Ata Abd Al-Ghani:*

“We walked on thorns. We walked – a boy, a girl, and an old man. I saw a girl walking in the refugee camp. I asked her, ‘Where is your brother?’ She said: ‘He died as a *Shahid* (Martyr).’ She asked me, ‘Where is your father?’ I told her, ‘He was given a life sentence. The *Shahid* (Martyr) who bears arms threatens **the enemy**.”

[PA TV (Fatah), July 29, 2010]

**4- PA Official: The Israeli enemy lost the ability to destroy the Palestinian brain**

[*Al-Hayat Al-Jadida*, July 6, 2010]

**5- PA Minister of Religious Affairs, Mahmoud Al-Habbash: Israel is “our enemy”**

*Friday sermon broadcast on PA TV; in the audience is member of Fatah Central Committee, Tawfiq Al-Tirawi:*

“Our **enemy** [Israel] is not interested in seeing us united. Our **enemy** does not wish to see us strong. It wants to see us divided. Division is weakness... Unity is what will strengthen the ranks and will give us the strength in dealing with our **enemy**.”

[PA TV (Fatah), Aug. 6, 2010]

**6- Member of Fatah Revolutionary Council speaks of “contending with Israeli enemy”:**

“The Fatah movement in the Salfit administrative region held ceremonies in Salfit and in Marda to honor those who had passed the matriculation examinations... Member of the [Fatah] Revolutionary Council, Bilal Azril, said during the ceremony held in Marda... that knowledge is one of the ways of struggle and contending with the **Israeli enemy**.”

[*Al-Hayat Al-Jadida*, Aug. 10, 2010]

**7- PA TV Host:**

“Following the occupation of 86% of the territory of Jerusalem since 1967, the **Israeli enemy** has penetrated the heart of the Arab neighborhoods of the city.”

[PA TV (Fatah), Aug. 15, 2010]

**8- Advisor to PA PM calls Israel “racist apartheid government”**

“Omar Hilmi Al-Ghoul, advisor to the Prime Minister [Fayyad] on national affairs... [said] It is necessary to sway the [**Israeli**] **government of organized terror** by means of real pressure, in order to force it to desist immediately from its aggressive and lunatic decisions ... Al-Ghoul said that the decisions of the **racist apartheid government** represent explicit defiance of the decisions of international legitimacy [i.e., that are internationally accepted].”

[*Al-Hayat Al-Jadida*, July 22, 2010]

**9- PA daily: Israel always carries out “unforgivable crimes”**

“Since the establishment of the Hebrew state upon the ruins of the catastrophe of the Palestinian Arab nation in 1948 and until now, there has been no Israeli government that did **not carry out unforgivable crimes** against the disaster-stricken [Palestinian] people. But the present most extreme rightist government in the **Israeli organized-terror state** specializes in inventing methods for theft, Judaization, and confiscation of Palestinian land and rights.”

[*Al-Hayat Al-Jadida*, July 22, 2010]

**10- PA TV song performance: “The Zionist’s day will come” and “racist terrorist Zionist enemies” will be humiliated**

Guest on PA TV, hip-hop artist, sings: “Oh Gaza of heroes! **The Zionist’s day will come**, oh Gaza! We shall continue our struggle, oh heroes of the Palestinian resistance. With your faith you will humiliate the **racist terrorist Zionist enemies**, oh *Shahids* (Martyrs) of Gaza who fought against the enemy. Your souls will be a symbol; your names are inscribed on every wall.”

[PA TV (Fatah), July 18, 2010]

**11- PA TV host: Israel “acts with violence, killing and torture”:**

PA TV host: “From the time of the **Haganah gangs** until those **gangs** became a state which claims to be democratic but acts with **violence, killing, and torture...**”

[PA TV (Fatah), July 23, 2010]

**12- PA daily: Zionism rests upon negating the Palestinians’ rights to independence:**

“Writer and political commentator Antoine Shalhat, director of the ‘Israeli arena’ unit at the Madar Center [The Palestinian Forum for Israeli Studies, in Ramallah]... stated that Zionism rests upon two principle ideas: the idea of negating the existence of the Palestinians’ right to an independent national entity ... and the idea of reliance upon an external [political] power. [He asserted] this by noting **the sources of racism in Zionist thought**, and the contradiction between its actions and morality.”

[Al-Ayyam, July 22, 2010]

**13- PA daily: The “extremist Jewish” government relies on the nonsense and lies of mythology:**

“The benefit of **mythology, its nonsense and its lies**, has not been lost on the theoreticians of the Zionist movement, since the earliest origins of its growth, in the second half of the 19<sup>th</sup> century. What is happening right now in Jerusalem is no more than the result of this mythology which is slanted for political purposes, and which is aimed at expelling the Arab residents - regardless of their religion, Muslims, Christians or whatever else - from their native land. For this purpose, the extremist Jewish groups recruited all their political, mythological and terrorist ability, along with fraud, deceit and deception, in order to achieve their colonialist aims...”

However, these Zionists forget that their mythology has its mirror-image among members of the other religions - Muslims and Christians. In addition, they have forgotten, or have tried to forget, that which is more important than all the misleading mythologies and plots: the belonging to the homeland, the ground, the rights, the culture and the history, which cannot be undermined or defeated by any mythology or policy, no matter what ammunition of death, killing and forgery they possess.”

[Al-Hayat Al-Jadida, July 27, 2010]

**14- PA daily accuses Israel of murdering children**

“Netanyahu’s wife, Sara, was heartbroken over the decision to expel 400 children of foreign workers (oh dear!), and asked the heartless Minister of the Interior, Eli Yishai, to halt the steps to expel the children of these foreigners. The Israelis are now putting on a show of compassion and mercy... As far as the Palestinian people are concerned, **[Israel] kills and detains its children**, humiliates its adults, causes its women to abort, destroys its homes and seizes its land, without any weeping or feeling any guilt complex.”

[Al-Hayat Al-Jadida, Aug. 16, 2010]

**15- In the culture section of the official PA daily: Jews crucified “Palestine” and “caused blood to flow from its body”**

“In the poetry of Mahmoud Darwish we often encounter a symbol ... of the cross. This is because the Arab poet, who lived on occupied land [Note: he was an Israeli citizen and lived in Israel], felt that he himself, his people, and his land were crucified. The cross is a symbol that is closely connected with ancient Palestine. The Jews prepared a cross upon this land two thousand years ago, to kill Jesus, who represents the return to justice. What has happened to Palestine in modern times is similar, to a great extent, to the story of the Cross: **Palestine has been torn in the hands of the Zionists, and the Jews have crucified it and caused blood to flow from its body.**”

[Al-Hayat Al-Jadida, Aug. 17, 2010]

**16- Senior PA official Abbas Zaki: Zionist lobby and AIPAC control President Obama**

“Abbas Zaki, member of the Fatah Central Committee and President Mahmoud Abbas’s representative... Zaki delivered a speech in which he conveyed greetings from President Mahmoud Abbas... He spoke about the pressures being exerted on the Palestinian leadership to cooperate with attempts to acquire legitimacy for Netanyahu, his government, his crimes, and the violations and the plots to Judaize Jerusalem which he is carrying out... He noted that this American pressure is being exerted [on Palestinians] because of their own [American] needs in anticipation of mid-term elections. And despite **the position of Obama, who wants to do something, but is controlled by the Congress, the Zionist lobby, and AIPAC.**”

[Al-Hayat Al-Jadida, Aug. 16, 2010]

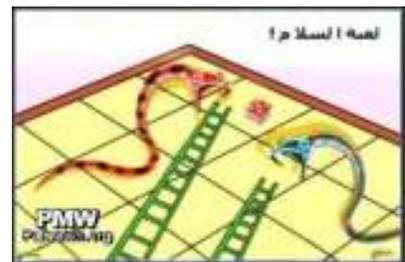

**b. Demonization of Israel and Jews in visual images**

*PA TV continues to display cartoons that demonize Jews and Israelis.*

**1- PA demonization: Snakes with the Star of David threaten peace seekers**

*PA TV broadcast a caricature from the Saudi Ukaz depicting a “snakes and ladders” playing board entitled “The Peace Game.” Fanged snakes with Stars of David on them are prepared to bite whoever climbs a ladder to peace.*

[PA TV (Fatah), July 4, 2010]

**2- PA demonization: Jew eating the Dome of the Rock**

PA TV broadcast a caricature from the UAE paper Al-Bayan showing the Statue of Liberty holding a menorah, symbolizing so-called Jewish rule over America.

[PA TV (Fatah), July 8, 2010]

**c. Libels and lies about Israel and Jews**

The PA disseminates numerous libels to demonize Israel and the Jews.

**1- Libel: The Jews killed Arafat**

For years the PA has promoted the libel that Israel poisoned former PA Chairman Yasser Arafat. Even during the peace talks it continues.

a. *Khaled Musmar, member of the PLO's Palestinian National Council (PNC):*

"[In 2003] Israel, with the support of the new American administration of President Bush, imposed an oppressive siege on our symbol, the late Yasser Arafat, **until they got him with poison**, since they weren't able to kill him using their tanks, which besieged his home in Ramallah. The details of the story are known to everyone, young and old, among our Palestinian people and throughout the world."

[Al-Hayat Al-Jadida, Aug. 10, 2010]

b. "Is this [dismantling of the PA] not what the Jews wanted of Arafat? But **he held his ground, despite the poisoning** and the trap [which they set for him]!"

[Al-Hayat Al-Jadida, Aug. 17, 2010]

c. *Nashat Al-Aqatsh, lecturer at Bir-Zeit University:*

"In the past [Israel claimed] no Palestinian partner existed, and **they [Israel] killed the late Palestinian President, Yasser Arafat.**"

[PA TV (Fatah), July 27, 2010]

**2- Libel: Israel spreads drugs among Palestinians**

The libel that Israel intentionally spreads drugs has been prevalent in the PA for a long time, and was expressed again in July at a seminar held by the PA Ministry of Social Affairs, when Israel was accused of spreading drugs among Palestinian youth in order to destroy them:

a. "Under the auspices of the Ministry of Social Affairs, a day seminar [was held in] Izariyeh, about the drugs plague. [PA] Jerusalem governor Adnan Hussein said: 'Unfortunately, the number of [drug] addicts and users in the city of Jerusalem and its environs is more than 15,000. **This is part of the systematic attack of the occupation state [Israel], which seeks to destroy the [younger] Palestinian generation, to drown it in a cycle of violence and alienation from national identity, and to wage war against morality and good character.**' Executive Director of the Administration for Social Affairs, Badran Badir ... called to invest additional efforts in order to diminish the scope of this phenomenon, which is impacting on our people and on its strength, and which the occupation [Israel] is exploiting for its own purposes."

[Al-Hayat Al-Jadida, July 8, 2010]

b. "They [Israeli authorities] spread corrupting elements **by spreading drugs among the [Palestinian] young people** and expelling them from their places of work, which brought

about a rise in the unemployment rate and made the taxes more burdensome, thereby forcing them to leave the city.”

[Al-Hayat Al-Jadida, Aug. 22, 2010]

### **3- Libel: a Jew set fire to the Al-Aqsa Mosque in 1969**

*The Palestinian Authority often libels Israel by attributing to it crimes committed by others. The fire in the Al-Aqsa Mosque in 1969 was started by a deranged Australian Christian. But the Palestinian Authority for years has attributed it to Israel.*

- a. “Secretary General of the Islamic-Christian Council for Jerusalem and the Holy Places, Dr. Hassan Khater, said that more than four decades have passed since **the crime of arson against the Al-Aqsa Mosque by the occupiers**. He stated that the flames which were kindled at the end of the 1960s with the purpose of causing the foundations of Al-Aqsa to collapse, continue to burn to this very day, and have intensified and spread such that their dangers and their influence reach the entire holy city.”

[Al-Hayat Al-Jadida, Aug. 22, 2010]

- b. Headline: “At symposium on the subject of Jerusalem on the 41st anniversary of arson against the Mosque – Jerusalem residents: The Al-Aqsa arson continues through Judaization and settlement”

“Religious personalities emphasized that the arson to which the Al-Aqsa Mosque is subjected still continues, even though 41 years have passed since the cursed day of the fire in it, **kindled by a Jewish extremist**, whom Israel claimed later on was insane. These personalities, who participated in the cultural symposium held by the Supreme Islamic Council yesterday in the hall of the National Hotel in Jerusalem, stated that **the Al-Aqsa Mosque is still subject to aggression**... Sheikh Ikrima Sabri said: ‘We must commemorate this day every year and keep it alive, and document **this crime, carried out by the occupation** which is destined to disappear, Allah willing. It must be noted that what happened was a political plot and conspiracy, meant to Judaize the city of Jerusalem.’”

[Al-Hayat Al-Jadida, Aug. 22, 2010]

- c. “The anniversary of the fire in the Al-Aqsa Mosque, **kindled by an Australian Jew** on yesterday’s date [Aug. 21st] in 1969, has arrived, while the Mosque is being targeted and subjected to extensive and planned attacks.”

[Al-Hayat Al-Jadida, Aug. 22, 2010]

- d. Program: “Palestine This Morning” had a discussion about the 41st anniversary of the fire in Al-Aqsa Mosque, started by “**the Jew Michael Rohan**”.

[PA TV (Fatah), Aug. 22, 2010]

- e. “The [Palestinian] National Council marked the 41st anniversary of the arson in the blessed Al-Aqsa Mosque by Israeli extremists, calling upon the world to defend the Mosque and the city of Jerusalem from **the danger of Judaization** and occupation which hovers over it.”

[Al-Hayat Al-Jadida, Aug. 22, 2010]

**4- Libel: Israel and the Jews plan to destroy the Al-Aqsa Mosque:**

*For years the PA has claimed that Israel is planning and in the process of destroying the Al-Aqsa Mosque and other Muslim holy sites.*

a. *Former PA Prime Minister, Ahmad Qurei (Abu Alaa):*

“Qurei added that the greatest catastrophe threatening the peace endeavor, and the region as a whole, **is the excavations that Israel has carried out, and continues to carry out, under the Al-Aqsa Mosque and the Dome of the Rock**, and the fact that [Israel] continues in its illegal activity in attempting to build the alleged Temple in the place of one of the most important holy places in Muslim history and in Muslim life as a whole.”

[*Al-Hayat Al-Jadida*, July 1, 2010]

b. “[Ahmad] Qurei [Abu Alaa - former PA Prime Minister and former Chairman of PA Parliament]... noted that this August saw an unprecedented escalation by Israel in acts of Judaization in Jerusalem... Likewise [it is apparent] in the actions which are being carried out in order to complete the ‘archaeological’ excavations there... **all with the aim of strangling the Al-Aqsa Mosque.**”

[*Al-Hayat Al-Jadida*, Aug. 18, 2010]

c. “Preacher in the Al-Aqsa Mosque and First Deputy of the Chairman of the Supreme Islamic Council in Jerusalem, Sheikh Yousuf Jum’a Salameh, participated in the international congress organized by the Muslim World League in Mecca... Sheikh Salameh delivered a speech at the congress in which he explained what is happening in Jerusalem: ... [including] **excavations beneath the Al-Aqsa Mosque and an attempt to divide it and to destroy it in order to build the alleged so-called Temple in its place.**

Sheikh Salameh called upon Muslims to oppose these Israeli steps and to act to stop them. He said that the residents of Jerusalem must be helped to continue the *Ribat* [religious war] over their land, since they contend with these Israeli measures daily, on behalf of the Arabic and Islamic nation.”

[*Al-Hayat Al-Jadida*, Aug. 17, 2010]

d. “The Al-Aqsa Institute for Religious Trusts and Heritage said yesterday, in an urgent announcement that it publicized, that vast and diverse forces of **the occupation army are holding extensive training in what appears to be preparation for large-scale events that will take place at the Al-Aqsa Mosque.** Teams from the Al-Aqsa Institute visited the [training] site, located in the Ben-Shemen forest. The Al-Aqsa Institute teams noted concentrations of large forces of the Israeli army and police, and vehicles belonging to the Special Forces. Inside what resembled a camp, they had built a model of the Dome of the Rock, and alongside it a model of the alleged Temple... Spokesman for the Islamic Movement in the Palestinian Interior [PA euphemism for Israel], Adv. Zahi Nujidat, said in response: ‘It is no secret that the Israeli establishment dreams day and night of building the alleged Temple in place of the Al-Aqsa Mosque. On the ground, the said establishment is causing actual damage to the Al-Aqsa Mosque, and this ‘training’ exposes the ideas, the intentions and the foundations behind the plots that are being fashioned against the Al-Aqsa Mosque in the corridors of the Israeli establishment.’”

[*Al-Hayat Al-Jadida*, July 22, 2010]

**5- Libel: Israel is attempting to erase Arabic appearance of Jerusalem:**

“The Islamic-Christian Council for Support of Jerusalem and the Holy Places yesterday exposed the details of **an Israeli plan to change the landmarks of the Al-Buraq Wall square** (the Western Wall square)... At a press conference held yesterday at its offices in

El-Bireh, the Council warned of the danger posed by the plan and its ramifications for the character of the Old City and the Islamic and Christian holy places, and the Arabic appearance of Jerusalem. It noted that the aim of the plan is to blur and **to change the landmarks of the Al-Buraq Wall square and to turn it into the largest Jewish house of worship in the world.**

[*Al-Hayat Al-Jadida*, July 20, 2010]

**6- Senior PA religious official: Jerusalem and the Al-Aqsa Mosque subject to “Israeli massacre”**

“Sheikh Dr. Yousuf Jum’a Salameh, preacher at the Al-Aqsa Mosque... denounced the new Israeli plan aimed at changing the features of the Al-Buraq square in the holy city. He stated that the city of Jerusalem as a whole, and **the area of the Al-Aqsa Mosque in particular, are being subjected to an Israeli massacre aimed at changing the facts and falsifying history.**”

[*Al-Hayat Al-Jadida*, July 21, 2010]

**7- PA Chairman Mahmoud Abbas joins libel: Israel attempts to expel Arabs**

“This blessed Jerusalem is currently subject to the most serious violations and the harshest aggression... we perceive in it [Israel’s expulsion of four Hamas officials] as a **prelude to the forced expulsion of the inhabitants of Jerusalem, whose aim is to change the geographical and demographic situation in the holy city...** We know that this expulsion is simply the prelude to the expulsion of others... The oppressor will not last in Jerusalem; the oppression will not endure. Victory will come, Allah willing. This land is Allah’s best land, for which He chooses the finest of His believers, as it is written in the words of the Prophet [Muhammad].”

[*Al-Hayat Al-Jadida*, July 11, 2010]

**8- Libel: Israel tortures Palestinians imprisoned in Israeli prisons**

a. *PA Minister’s speech on behalf of PM Fayyad libels Israel as committing torture*

“**Minister of Prisoners’ Affairs Issa Karake**, once again accused Israel of granting legitimacy to the crime of torturing Palestinian and Arab prisoners and detainees, and of sadistic behavior aimed at forcibly extracting and falsifying the detainees’ admissions, as revenge. Karake said this yesterday **on behalf of the Prime Minister, Dr. Salam Fayyad**, during the opening session of the International Day of Support of Victims of Torture conference. The conference was held in El-Bireh by the Center for Treatment and Rehabilitation of victims of torture, in cooperation with the UN, under the title, ‘Documentation of the Torture – Towards an Effective National Plan.’ Karake, a former prisoner, took the opportunity of **drawing the attention of the international community to the participation of Israeli Members of Parliament, doctors, judges, and civic and political sectors in carrying out the criminal torture and making it legal.**”

[*Al-Hayat Al-Jadida*, July 1, 2010] [*Note: The Red Cross visits Palestinian prisoners regularly and has neither documented nor accused Israel of any of these recurring PA accusations.*]

they are given strange injections which cause them difficulties and a number of side effects.”

d. **Headline: “Ministry of Prisoners’ Affairs: The Israeli security services use torture, officially and as anchored in [its] law”**

“When the prisoner reaches the interrogation room, the occupation forces use barbaric methods against him. He is tortured with the most despicable means: struck on his arms and legs, struck with plastic clubs on his body, his head and his sexual organ, and with the belts worn by the interrogators... The prisoners are subjected to burns and scorching with the butts of cigarettes, and are struck with electrical wires...

If one of them happens to close his eyes, he is struck on his face or has his ear poked with a toothpick. Also, [the prisoners] are forced to undress so that they will suffer from the severe cold, in addition to being forced to remain in the rain in the winter. In the summer, they are forced to stand under the burning sun for long hours, without being permitted to drink water. And if they are brought water, it is hot water which is impossible to drink... The torture is not only physical; there is also mental torture.”

[*Al-Hayat Al-Jadida*, July 11, 2010]

e. *PA Ministry of Prisoners’ Affairs:*

“The fact that the **occupation continues to abuse prisoners** foretells the explosion that is going to take place... In this report we cite some of the acts of suppression carried out by the special forces of the occupation’s prison services, with the aim of torturing and abusing thousands of Palestinian and Arab prisoners, who suffer pain, denial [of rights] and mental and physical torture.”

**9- Libel from PA Ministry of Prisoners’ Affairs– Israel trades in body parts**

a. “Minister of Prisoners’ Affairs, Issa Karake... said that hiding the bodies of the *Shahids* (Martyrs) is part of the Israeli government’s evasion of responsibility and concealment of war crimes which were carried out against the *Shahids*, whether by field executions, abuse of their bodies, **and trade or theft of their organs.**”

**10- The PA falsely accused Israel of attacking the Muslim cultural and historical heritage in Jerusalem:**

“[In a graduation ceremony held in Ramallah, the Minister of Religious Affairs emphasized] the importance of courses for preserving manuscripts, in order to preserve the cultural and historical heritage [in Jerusalem], in light of the powerful **Israeli attack on our history and**

**identity.** ... He added: ‘Despite the ongoing and unceasing Israeli attempts to Judaize Jerusalem, to blur its Arab and Islamic history and culture, and to enforce a new reality... we are holding out and remain upon this land.’”

**11- The following picture, filmed by PA TV in a Palestinian school, sums up the systematic PA demonization:**

A PA TV report on a photography course in a Palestinian school for the deaf showed a bulletin board that included a number of pictures. One of the pictures shows a Palestinian flag shaped as a human figure, dropping a Star of David into the garbage.

Text on picture: “Keep your flag clean.”

**12- A new libel against Israel**

**Background: Israel found some 300 fake new tombstones in an area of an old and non-functioning Muslim cemetery situated in a corner of a park in Jerusalem. Investigating, Israel discovered that the “tombstones” had been placed on the ground in an attempt to encroach on the lands of the park. This article followed Israel’s removal of the fake tombstones.**

“Sheikh Kamal Al-Khatib, Deputy Head of the Islamic Movement [northern branch] in the Palestinian Interior [euphemism for Israel] said: ‘The Israeli establishment is carrying out an attack against the Palestinian people, the living as well as the dead’... In response to the question of whether the graves which had been destroyed would be rebuilt, Sheikh Al-Khatib said: ‘Yes; under no circumstances shall we accept and agree to the crime of the destruction... Even if it was occupied in 1948, this is Palestinian-Arabic-Islamic land, and thus it will remain.’”

**3 - Glorification of terror and violence**

*The US has strongly condemned the Palestinian practice of honoring terrorists:*

State Department Spokesperson Philip Crowley: “We also strongly condemn the glorification of terrorists. Honoring terrorists who have murdered innocent civilians, either by official statements or by the dedication of public places, hurts peace efforts and must end.” (April 8, 2010).

*Ignoring the American request, the PA continues to glorify terror by honoring and praising terrorists. In addition, PA leaders continue to praise and defend the right to armed struggle while describing the present talks and negotiations as temporary.*

**a. Praise for violence and death in battle**

**1- Martyrdom death glorified on PA TV**

PA TV broadcast a scene from a play marking the anniversary of the deaths of three Arabs who were executed by the British in 1930 for attacking British soldiers and murdering Jews in the 1929 riots. The play shows three prisoners in the orange uniforms of those awaiting execution, gazing towards the sky a moment before they ascend the gallows. A narrator reads:

"Now that we are at the gateway to eternity, we offer our souls and our blood to redeem the sacred homeland, for beloved Palestine. We turn in supplication to all Palestinians – that **they should not forget our dripping blood** and our souls which will flutter in the heavens over this beloved land. **We welcome death with complete joy and happiness.**

**We shall place the heroes' noose around our necks most willingly, to redeem you, Palestine."**

*The play also featured a song lauding the value of death:*

"They were three men who competed over death. Their feet were raised high above the hangman's head.

They became a symbol of heroism and honor for the land. [This] is the day of the three.

The three, oh land, are waiting **who will be the first to give his life for you."**

"From my wounds, my weapon has emerged.  
Oh, our revolution, my weapon has emerged.

**There is no force in the world that can remove the weapon from my hand.**

My weapon has emerged. My weapon has emerged...  
This revolutionary people has sacrificed and offered  
in order to live in freedom!

My weapon has emerged. My weapon has emerged...  
**He who offers his blood doesn't care  
if his blood flows upon the ground...**

As the weapon of revolution is in my hand,  
so my presence will be forced [upon Israel].

My weapon has emerged. My weapon has emerged."

[PA TV (Fatah), broadcast live June 4, 2010,  
and rebroadcast on June 24, July 9, July 13, July 16, July 20]

## **3- A song celebrating Fatah's 1978 terror attack killing 37 Israeli civilians in a bus hijacking was played in honor of the Fatah movement at a Fatah event. Dalal Mughrabi who led the terror attack is also honored:**

mounts his machine gun on the tripod  
His eyes are to Al-Aqsa [Mosque] - the Fatah member...

They got off the boats near the shore  
[to hijack an Israeli bus in 1978]

[Squad leader] **Dalal** [Mughrabi] fights and battles the  
soldiers [37 Israeli civilians were killed]

Be safe, you defiant, oh Fatah member!

...

They went [ashore] as **birds of prey**, the heroic Al-Saika (PLO unit)  
The men of Yasser [Arafat], Al-'Asifa (PLO unit)  
The enemy's army fled trembling.  
Let's hail Fatah!"

Allah willing, they will return soon."

[PA TV (Fatah), July 27, 2010]

**8- Lebanese snipers opened fire for no reason on Israeli soldiers who were within Israeli territory, and killed an Israeli officer. The UN corroborated Israel's story. The PA media ignored the facts and chose to defend the unprovoked murder. Two examples:**

- a. "What happened was a **deliberate and pre-planned provocation** [by Israel], whose aim was not just an exchange of fire, which may be contained. **Israel is looking for a front for its next war.** It needs this war in order to restore honor to its army and its deterrent power, following the failure it faced on board the Turkish ship *Marmara*. As usual, prior to its next war there must be military and media provocations."

[*Al-Hayat Al-Jadida*, Aug. 5, 2010]

Asaf emphasized the support of Fatah and the Palestinian people for Lebanon and the decisions of the Lebanese state in all matters concerning defense of its borders and of the Lebanese people, whatever the size of the sacrifice involved. Speaking to WAFA news agency, he added: 'We have lost a man on the level of the Arab region and on the level of the world revolutionary movement, by virtue of his noble actions and his glorious history. Bestowing this honor in every place, inside the homeland and outside of it, does justice to this mighty man.'

Dr. Samir Al-Refai [Secretary of the Fatah branch in Syria] said: 'With the fall of Abu Daoud as a *Shahid* **we have lost a man who is worth all other men together**, but we have already become accustomed to this road being a long one, full of *Shahids*, commanders and fighters.' Amin Al-Hindi, gentle as a morning breeze, was strong inside and as unyielding as granite rock. Perhaps this quality - the power raging beneath the calm surface - is what turned him into one of the prominent members of Fatah in Germany, and led him in the direction of the difficult tasks which require quiet people of this sort, who don't like tumult and who make full use of all the wisdom, imagination and planning [ability] that Allah has given them for the purpose of completing their difficult tasks... Everyone knows that **Amin Al-Hindi was one of the stars who sparkled at one of the stormiest points on the international level - the operation that was carried out at the [Olympics] sports stadium in Munich, Germany, in 1972. ### 13- PA TV broadcasts pictures of a PA town square’s honoring of a terrorist:

The town square in the West Bank town of Madama features a monument honoring “the heroic Martyrdom-Seeker,” Omar Muhammad Ziyada and his “heroic Herzliya operation” – a suicide bombing on June 11, 2002, which killed a 15-year old girl and injured 16 others in Herzliya. The monument shows pictures of the suicide terrorist and of former PA Chairman Yasser Arafat. The text above the terrorist’s picture is a verse from the Quran:

“Fight them, and Allah will punish them by your hands, lay them low and give you victory over them, and heal the hearts of a believing people.” [Quran, 9, 15]

Below the picture of the terrorist are the words:

“**The heroic *Shahada*–Seeker** (Martyrdom-Seeker, PA term of honor for suicide terrorists) Omar Muhammad Ziyada (Abu Samed) who carried out **the heroic Herzliya operation** on June 11, 2002”

[PA TV (Fatah), Aug. 15, 2010]

### c. Cessation of violence is temporary

In addition to this ongoing terror glorification, the PA has repeatedly apologized to its population since the start of the proximity talks in May 2010 for having acquiesced to the US demand to cease violence – called the “armed struggle.” In May, senior PA and Fatah leader, Nabil Shaath, made speeches justifying the cessation of violence, which he stressed was due to current conditions: “At the present time [the armed struggle] is not possible, or is not effective,” “[it] has become undesirable now,” “international conditions do not permit us,” “the inability to engage in the armed struggle.” The idea that violent resistance is suspended only temporarily was repeated by PA Chairman Abbas and a Fatah spokesman during July. Abbas mentioned “the rejection of armed resistance right now”:

**1- Interview with Ahmad Qurei (Abu Alaa), former Palestinian Authority Prime Minister, head of the PLO's Jerusalem Department, on the conflict with Israel:**

Qurei: "All the options are open, as I see it. Negotiations, political activity, popular activity and [armed] resistance - and we must continue with it."

Question: "Today, what is the [best] option, in your opinion?" Qurei: "All of the above."

Question: "Including [armed] resistance?"

Qurei: "I see and analyze. And if it [resistance] gives me [benefit] without costing me, yes." [*Al-Sharq Al-Awsat* (London), reprinted in *Al-Hayat Al-Jadida*, Aug. 5, 2010]

**2- Interview with Jibril Rajoub, Fatah Central Committee member: violence against Israel is a valid option:**

PA TV Interviewer: "You've talked about Fatah's armed struggle, its past, etc. Everyone knows that today there is an approach in Fatah that says 'no' to the armed struggle at this stage..."

Jibril Rajoub, Fatah Central Committee member: "**At the [Sixth Fatah] Conference, we affirmed the struggle in all its forms, including resistance and the armed struggle...** We agreed on it unanimously about both the movement's aims and its principles, **including the resistance and the armed struggle.** The [armed] struggle, as we see it, is not an aim; it is not a hike or a pleasure cruise. [Armed] resistance has circumstances, considerations, and factors - whether national, regional or international. It must cause pain to the occupation; it must be connected to a political platform."

[PA TV (Fatah), Aug. 6, 2010]

**3- PA Chairman Abbas: "If you [Arab states] will fight Israel, we [Palestinians] are in favor"**

"[President Abbas said]: '**Fatah and Hamas are not far apart** in terms of politics and security, in terms of agreement on the 1967 borders and **the rejection of armed resistance right now.** But Hamas goes as far as a dangerous agreement to temporary borders, which is not acceptable.' [He added:] 'We are unable to confront Israel militarily, and this point was discussed at the Arab League Summit in March in Sirt (Libya). **There I turned to the Arab states and I said: 'If you want war, and if all of you will fight Israel, we are in favor. But the Palestinians will not fight alone because they don't have the ability to do it.'** He [Abbas] said: 'The West Bank was completely destroyed and we will not agree that it will be destroyed again,' in addition to 'the inability to confront Israel militarily.'"

[*Al-Hayat Al-Jadida*, July 6, 2010]

**4- Fatah spokesman says "Fatah will not restrain itself for long"**

"Fatah spokesman, Osama Al-Qawasmi ... said that the situation in the occupied territories is in danger of exploding as a result of the Israeli settlement policy, which is gathering speed. **He emphasized that Fatah will not restrain itself for long** concerning these provocative steps... He emphasized that the Palestinian people, having remained resolute in the face of all international plots against the composition of its national identity and against its presence upon its land, will not submit to and accept the policy of dictates and establishing facts on the ground, which Israel is trying to enforce... Al-Qawasmi emphasized that the **Fatah movement will not stand by idly** in the face of these Israeli provocations and threats [the continued building in East Jerusalem]. He warned that the situation is no longer tolerable, owing to the Israeli policy which is targeting the land, the people, and the places that are holy to Islam and to Christianity."

[*Al-Hayat Al-Jadida*, July 1, 2010]

#### **5- PA Minister: Violence and war still an option**

*Friday sermon by Mahmoud Al-Habbash, PA Minister of Religious Affairs at the mosque at Mahmoud Abbas's offices in Ramallah. PA Chairman Mahmoud Abbas was in the audience:*

"Jerusalem is not just a city. Al-Aqsa is not just a mosque. Jerusalem is the key to peace, and Jerusalem can ignite a thousand and one wars. **Unless the issue of Jerusalem is solved, so that it returns to its owners; unless Jerusalem will be Palestinian, as it was throughout history, the capital of the Palestinian state and the capital of the Palestinian people, the place which is the object of heartfelt longing and which all Muslims aspire to reach; unless Jerusalem is like that way, there is no peace. There is no peace without Jerusalem. There is no stability without Jerusalem.** If Jerusalem is dishonored, if Jerusalem is disgraced, if [Jerusalem] is lost, **it may leave the door open to all possibilities of struggle, all possibilities of war. The term 'war' cannot be erased from the lexicon of this region as long as Jerusalem is occupied,** as long as Jerusalem is disgraced, as long as the residents of Jerusalem are being targeted. It's not possible; Jerusalem has to return to its owners. And we are its owners."

[PA TV (Fatah), Aug. 20, 2010]

#### **Conclusion**

Secretary of State Hillary Clinton said on April 23, 2009, in the House Appropriations Subcommittee on State, Foreign Operations and Related Programs:

"We will only work with a Palestinian Authority government that unambiguously and explicitly accepts the Quartet's principles: A commitment to non-violence, recognition of Israel, and acceptance of previous agreements and obligations, including the Road Map."  
["Phase I of Road Map: "All official Palestinian institutions end incitement against Israel."]

Examining the Palestinian Authority leaders' statements, its education of youth, and its controlled media during the first four months of the proximity talks, it is clear that the Palestinian Authority has not complied with the conditions indicated by the Secretary of State, nor has it fulfilled its commitment to "work against incitement of any sort."

In the first four months since the start of the proximity talks, not only has the PA failed to "unambiguously and explicitly" accept these conditions, but it has done the opposite. The Palestinian Authority continues to "unambiguously and explicitly" deny Israel's existence, incite to hatred, and glorify terror and violence.
